Cable News

BUMPS ICEBERG; NOW SINKING

(Associated Press Cable.)
NEW YORK, N. Y., April 14.—The new 45,000-ton White Star liner Titanic is reported from Cape Race, Newfoundland, to have rammed an iceberg and to be sinking fast by the head. She has on board beside thirteen hundred other passengers, Mrs. John Jacob Astor, Major Archibald Butt, U. S. A., military aid to President Taft; Henry B. Harris, the theatrical manager, who is completing a trip around the world, and W. T. Stead, the journalist and author.

The dispatches from Cape Race announce that the weather is clear and calm. The steamer is about 300 miles south of the Newfoundland point.

The wireless operator is proving himself a hero. For hours he has been sticking to his post sending almost constantly, first in calling aid and then in keeping the rescuers rushing to his ship's assistance in constant touch with developments.

The word reached Cape Race early this afternoon, and was immediately flashed to New York and Boston, where the principal offices of the White Star line are situated. The wireless operator of the Titanic kept on calling, sending the distress signal across the ocean. After about an hour of this work in which he was assisted by the station at Cape Race, the S. S. Virginian picked up the message and at once reported that she had turned her head toward the wrecked vessel.

The steamer Baltic was the next to respond and a few moments after her wireless was picked up the steamer Olympic of the same line also reported that she was rushing to the aid of the Titanic.

As soon as he knew that help was coming the wireless operator began sending bulletins of his ship's condition, as the moments passed. The first bulletin was that the sea is calm and the weather clear. Ship sinking by the head, and belatedly forward exploding under the water pressure.

"Ship sinking by the head fast," was the next bulletin. "Women are being rushed to the boats, and the crew is standing by. Another bulkhead has gone."

The report of the accident is meager. The operator simply reports that the Titanic rammed an iceberg while going at full speed.

The Titanic sailed from Southampton, England, April 10, on her maiden trip. She carried, second and first-class thirteen hundred passengers. There were 350 of the first-class passengers, including some of the most prominent persons on both sides of the Atlantic. She was launched May 31, 1911, by Harland & Wolff, the famous Belfast shipbuilders. So huge is her bulk that it was found necessary to dredge the harbor before she could be floated.

ROOSEVELT WINS OUT

PHILADELPHIA, Pa., April 14.—Fifty delegates out of sixty-two are unquestionably aligned for Roosevelt as a result of the Republican Presidential primaries in Pennsylvania.

Late returns from scattering districts of the State point to a probability of sixty-two delegates for Roosevelt.

Republican organizations are stunned by the overwhelming landslide. A general preliminary canvass of the situation had resulted in the confident forecast of sixty delegates for Taft and sixteen for Roosevelt.

Philadelphia, which was expected to go for Taft, was strongly in line for the Colonel.

The Democratic primaries resulted in a solid delegation for Wilson.

SEATTLE, Wash., April 14.—Taft is hopelessly in the minority in the Republican State Central Committee, which has split over Roosevelt and La Follette.

Roosevelt to Nebraska.

CONCORD, N. H., April 14.—Roosevelt will leave New Hampshire Monday for Nebraska, where the Republican primaries will be held this week.

MEXICO CITY, Mex., April 14.—Several hundred foreigners in Mexico City have petition Great Britain to intercede in Mexican affairs for the sake of peace and their own safety. The petition was the outcome of a great indignation mass meeting.

Protest has been sent to President Madero against the continued perpetration of revolutionary horrors and outlaw cruelties. Each day brings new stories of crime.

Train bandits, according to one of these reports, tortured an Englishwoman Thursday because she refused to produce hidden jewels that were alleged to be in her possession.

Another report told of the murder of an American named Kane.

PARIS, France, April 14.—According to dispatches received here from eastern Tripoli, the Italians landed there today and engaged the Arabs. The battle, which was contested with machine

What About That Dandruff?

There is just this much about it: Dandruff is a germ disease, is most untidy, annoying, and leads to baldness. When chronic, it is very stubborn, but surely yields to thorough and energetic treatment. All germs must be destroyed, the scalp must be restored to health. Here is the remedy: Ayer's Hair Vigor. Ask your doctor about using it.

guns and modern rifles on both sides, was bitterly fought out during the day. The Arabs lost more than 400 killed and wounded and the Italians half that number.

When night fell the Italians held their ground and had advanced a little. The Arabs are reported to have been falling back on the desert.

ROOSEVELT FIGURES.

PHILADELPHIA, Pa., April 14.

The completed returns of Saturday's primaries indicate that Roosevelt will receive sixty-four of the total of seventy-two delegates to the Republican convention. The result of the primary election leaves considerable doubt regarding the renomination of Congressman Dalzell.
